## 2015 PIT Update

Most of the surveys for the sheltered count have been returned by area agencies. There are a few outstanding agencies that still need to submit data. WE will be working to collect any remaining surveys over the next month and should have preliminary data to review in March.

## Coordinated Assessment Update

Families in Transition will be implementing coordinated entry for families at The Family Place in Lake Ave starting late summer 2015. We will need to figure out where/how coordinated entry for individuals will be implemented.

The state will be mandating use of a common statewide form. They are looking to implement an open HMIS system that will facilitate statewide HMIS.

Other communities have easily implemented coordinated entry (i.e. Derry, Nashua). It is imperative that the Manchester CoC move forward on this initiative quickly.

## Other Business

The next Data Collection meeting will be Thursday, March 19<sup>th</sup> at 11:00 a.m.
