2:05 Meeting Begins

ROI

- I. Our ROI is almost done. Robert is continuing to work on it, at the VA. They recently had a meeting on Monday to discuss putting this into use.

Benchmark List

- I. We need to find a way to make this a living document, which can be edited in real time.
- II. What platforms are available to house and/or share this file?
 - a. We should reach out to our TA person to find out what other CoCs and VAs are using.
 - b. We need to find something that the VA will approve.
- III. It was decided that an individual will remain active on the list for a year, the same amount of time as the ROI.
- IV. We need to figure out a process for individuals who won't sign an ROI or who don't want their data shared with certain agencies.

GPD

- V. We will start our by-name list by putting any GPD individuals on first.
- VI. Looking specifically at the column AB, how often are we going to offer permanent housing (this also becomes important when we look at TH)? Some CoCs offer weekly or monthly.
 - a. Committee decided that we will offer PH intervention every 30 days.
 - b. We should also review how long they've been there.
 - c. How can PH be offered first? Is that always the best option for the veterans we serve?
- VII. Overall, we were recommended by Melany that we capture the activity done by the VA and other organizations into the list so that everyone knows what has been offered and what hasn't been offered.
