- Jake and Dave have counted 16 people currently living in camps.
  - There are 3 others they are unsure about.
- There is an increase in the number of people staying in their cars this year.
  - Groups need to be checking cars while they are out.
    - We need to remind them to be discrete when looking in cars.
    - Parking lots to check – Walmart, supermarkets, river walk, and around downtown
      - Kyle will add the following places to his list:
        - 24hr Rite Aid, CVS on Elliot, and the bus station

## Locations

- Change the maps to include Nutts Pond area.
  - The group with this map could also do parts of South Willow.
    - They could easily drive this route.
- West side houses on Granite Street are listed as abandoned, but they are no longer abandoned.
  - Possibly eliminate the West side route.
    - They don't usually find people there whom they haven't pre-counted.
- Need to check Kelly Street around the arena.
- They rarely find people in the Hooksett area.
  - Still check the Hooksett Walmart and supermarket parking lots.
- Dave's group will cover Market Basket and Elm Street.
- Roger's group will cover South Willow Street.
- Rob, Cathy, & Mark's group will cover the New Horizons perimeter (Manchester Street).
